

Dear Dan,

I am forever grateful that I found you to represent me in my divorce. I felt your confidence and strength from the very beginning. As we proceeded through, you showed me compassion and understanding. You always listened to my needs and responded accordingly. I always felt you were working for my best interest.

I am very grateful you introduced me to a collaborative divorce. I can't imagine going through this difficult time any other way. Having the team of experts made it plausible to get through.

Your deep love for your

family enters into your profession and makes you a remarkable attorney.

Thank you Dan for everything you did to make my divorce go as smoothly as possible.

My grandson Jack, turned three years old and I have a new granddaughter, Evie, who is three months old. They are such a joy to me. It's so wonderful to have a boy and a girl as you well know.

My daughter and son-in-law are expecting their first child in March. I'm very excited and a little nervous too.

Sincerely,

Sue Toney-Dillon
